

**CATEGORY ARCHIVES: ALERTS**

---

## Create Alert(s)

1. Click the "Alerts" icon on the toolbar
2. Click on "Add New Alert" button
3. Click on "Add Device" button
4. Type in the alert name
5. Select the alert type from the drop-down box
6. Fill out all required information. (Every alarm type has different fields)
7. Check the information and click on "Save" button

The Alerts management interface shows a toolbar with icons for Alerts, Settings, and other functions. The Alerts section includes a search bar, a page size dropdown, and buttons for 'Add New Alert' and 'Delete Selected'. A table lists existing alerts with columns for Alert Name, Alert Type, Alert Method, Created By, Device(s)/Group, Date Created, and Actions.

Alert Name	Alert Type	Alert Method	Created By	Device(s)/Group	Date Created	Actions
✓ cvvc (Crossing)	Landmark	Email HTML	RecoverTTR		03/12/2014	
Car wash' Cacho				1 device(s)		
Car wash' Cacho (Entering)	Geofence	Email HTML		1 device(s)

add another

**7**

## Edit Alert(s)

1. Click the "Alerts" icon on the toolbar
2. Select the alarm to be edited
3. Click on "edit" button
4. Type and/or select the new information
5. Review the information and click on "Save" or "Cancel"

The screenshot shows the Alerts management interface. At the top, a toolbar contains several icons, with a blue circle labeled '1' highlighting the 'Alerts' icon. Below the toolbar, the 'Alerts' section features a search bar (labeled '2'), a 'Search' button, a 'Page size' dropdown set to '20', and buttons for 'Add New Alert' and 'Delete Selected'. A table lists three alerts:

Alert Name	Alert Type	Alert Method	Created By	Device(s)/Group	Date Created	Actions
cvvc (Crossing)	Landmark	Email HTML	RecoverTTR		03/12/2014	[Edit] [Delete]
'Car wash' Cacho				1 device(s)		[Edit] [Delete]
'Car wash' Cacho (Entering)	Geofence	Email HTML		1 device(s)		[Edit] [Delete]

A blue circle labeled '3' highlights the 'Delete' button for the third alert. Below the table is the 'Edit Alert' form. It includes fields for 'Alert Type' (set to 'Engine Hours'), 'Account Wide' (radio buttons for 'Yes' and 'No'), and an 'Add Devices' button. Below this, it shows '2 device(s) selected - view selected devices'. The 'Alert Name' field contains '\_AnTestEngine on PRESTGG11'. The 'Every' field is set to '2' hours. The 'Scheduled For' and 'Except on' fields are both set to 'None'. The 'Send Alert to:' section shows 'SMS' to '7145532029' and 'Email' to 'a@a.com', both with red 'X' icons indicating errors. A '+ add another' link is present. At the bottom, there are 'Cancel' and 'Save' buttons, with a blue circle labeled '5' highlighting the 'Save' button. A blue circle labeled '4' highlights the 'Add Devices' button.

## Delete Alert(s)

1. Click the "Alert" icon on the toolbar
2. Select the alarm to be deleted and tick the checkbox to the left of the alarm name. If you want to delete all alerts, tick the checkbox at the very top of the list of alerts.
3. Click on "Delete" button.
4. A confirmation message will appear. Select "OK"

*To delete all alerts, tick the checkbox located at the left side of the bar and then follow step 3*
